

April 21, 2010

Alicia Trask, President
Newfoundland and Labrador Health Information
Management Association
Box 39029
St. John's, NL
A1E 5Y7

Dear Alicia,

Although not yet formally announced to our 3M Health Information Systems (HIS) Atlantic Canada client base, I am writing to notify you that 3M HIS will be holding a 3M Atlantic Canada User Forum October 5-6, 2010 in Moncton, NB at the Delta Beauséjour. A formal hold the date notice regarding this event will be posted and sent out very soon to our 3M clients in all eastern provinces.

At our previous user forums, our guests have found it beneficial to hear a 10-15 minute provincial update from their regional associations to learn what initiatives and strategies are a priority in each province. I am writing to invite someone from your association who may be planning to attend our event to deliver an update on what is happening in Newfoundland and Labrador with regards to major HIM initiatives.

I'll be in touch again in the weeks ahead to confirm if you think someone from your province can deliver an update in person. We want to ensure our Atlantic Canada User Forum provides a platform for all eastern provinces to communicate their HIM advancements. It's a great opportunity for peers to learn from peers.

If you have any questions please feel free to contact me directly.

Sincerely,

Gina Mustard
